I am currently able to offer you an opportunity to connect with myself through our telehealth program. Telehealth practice uses live or real time video and sound to connect you with your specialist who is at a different location. You will be in your home on your iPhone, android phone, tablet and/or computer and the therapist is in her clinic.

The telehealth appointment is as private as if you were in the specialist's office. We use secure software to connect to the specialist. During the visit the therapist will be in the counseling office and we will both be able to hear and see each other during the appointment. The therapist also will have the ability to send you documents or handouts.

Telehealth will help us coordinate your child's care. We will be able to talk about diagnosis and treatment plans together.

I have included a copy of the Telehealth Consent form that needs to be signed and on file prior to the first session per the Nebraska State Statutes for Telehealth services. Please complete this form and sign and date it and return it to Lotus Counseling LLC at 409 N Jeffers St. North Platte NE 69101: or FAX it to 308-532-5575 attention Jenee. Once I receive this, I will send you an invitation to join via a text message and/or e-mail. Then, click on the link and set up a username, a password (which must contain at least one capital letter, one lower case letter, at least one symbol and one number) and answer three security questions. There is also an app you may download called jituzu and it is free and will use the same username and password. If you have any questions please contact me at Lotus Counseling LLC at 308-532-5565 Ext. 1.

Sincerely,

Jenee' L. Hill LIMHP, LADC, MA Ed
